

OLEG TROIAN

Junior Frontend Developer | React |
Next.js | JavaScript | REST API Integration

SKILLS

- React & Next.js – component-driven architecture and scalable, responsive UI development.
- Tailwind CSS, MUI & modern CSS – structured and maintainable styling.
- JavaScript (ES6+) – DOM manipulation, API integration, form handling and interactive components.
- REST API Integration – handling GET/POST requests, processing JSON data and managing asynchronous data flow.
- Express.js, MongoDB & Supabase – backend fundamentals for full-stack collaboration.
- Code Refactoring & Debugging – improving performance, readability and maintainability.
- Git & GitHub – version control, branching, pull requests and collaborative workflow.
- UI/UX & Figma – wireframes and interface design.
- Adobe Creative Cloud – preparation of visual and graphic assets.

EXPERIENCE

Built modern, responsive user interfaces using React, Next.js, Tailwind CSS, Bootstrap, and JavaScript, implementing dynamic logic and interactive components according to defined technical requirements.

Developed structured and scalable UI solutions for both individual and team-based projects, focusing on clean architecture and maintainable code.

Worked on a B2B e-commerce educational project ("Gusto Vino") using WordPress and WooCommerce, configuring product catalog structure, payment logic, taxation, shipping setup, and optimizing the solution for large order volumes and logistics workflows. Gained practical understanding of B2B flow and basic SEO principles.

Completed internship at web agency SUPEREGO, contributing to real client projects using Next.js, TypeScript, and Sanity CMS, applying modern frontend practices in a professional environment.

Strong focus on UI/UX usability – creating wireframes and interface concepts in Figma and preparing visual assets using Adobe Creative Cloud.

Personal qualities

My approach is performance-oriented and detail focused, with strong attention to clean architecture and usability. I value responsibility, clear communication and delivering results on time. I work confidently both independently and as part of a team.
